

ADVANCE CARE PLANNING AN ESSENTIAL CONVERSATION FOR EVERYONE

FREE

Who will speak for you if you are unable to speak for yourself?

No one ever plans to be sick or disabled. Yet, it's this kind of planning that can make all the difference in an emergency. What kind of health care would you want if you became too sick to tell the doctor yourself? Plan ahead to make sure you get the medical care you want. In this workshop you will learn about the benefits of making these arrangements now.
